The Link, 4 Ward Road, Dundee

Sensory room

Located on the first floor of the Link (Lift is available for access). The room is multipurpose and multisensory.

Using sound and light the room can be set up to create both a calm and relaxing atmosphere, and a stimulating and interactive environment.

The **bubble tube** is interactive. Clients can control the bubbles and colours by pressing the buttons. Clients own switches can be used.

The **projector** displays warm abstract colours in a continually changing pattern.

The **fibre optic carpet** and **fibre optic strands** provide shimmering, twinkling array of vibrant lights.

There are also a collection of visual, tactile and auditory toys and resources available to support the interactions and stimulation of clients in the Sensory Room.

Press the coloured hands on the **sound wall** to be rewarded with musical sounds or effect noises

The **Chaos** can be sound activated or set to fill the room with a constantly changing carousel of lights.

the room.

Clients can use the **light tracker** to guide a light beam around
